**An annual tradition. A few fun-filled days of adventure. A peaceful, pristine mountain covered with fresh snow. A mysterious disappearance. An untimely death.**

Samantha Shepherd leads a group of six up a mountain. Two days later, she comes down with only five, after one backpacker vanishes. As Sam's search for her missing hiker takes her into ever-more threatening terrain, she uncovers dark secrets never meant to be revealed.

Full of action and suspense, readers are saying this mystery thriller from Lee Gregg is unputdownable.

Fool's Bluff is the first novel in a planned mystery series featuring Sam Shepherd and is set in the fictional town of Glacier Village in the mountains of British Columbia, Canada.

Can you solve the mystery of Fool's Bluff?
